PRODUCTIVITY UNMATCHED WITH

CALIBER!

MECHANICAL WIRED KEYBOARD

MODEL: IT-KB335

A close-up, low-angle shot of a black gaming keyboard. The keycaps are black with white and colored legends. The keyboard is illuminated with vibrant, multi-colored RGB lighting that creates a rainbow-like gradient across the keys. The lighting is most intense along the bottom edge of the keyboard, where it glows with a bright green and yellow light. The background is dark, making the illuminated keyboard stand out.
